PROFESSIONAL EXPERIENCE

JAN. 2022-Current
Manchester, M9, UK

FRONT END WEB DEVELOPER

Beeztic

- As a front-end developer at Beeztic, I played a key role in designing and developing the user interface for our web applications.
- Contributed to the full development cycle, from concept to deployment, ensuring seamless integration with back-end systems built on PHP.
- Actively participated in code reviews and championed best practices to maintain high code quality and improve overall user experience.

JAN. 2023 – Current
Avenue, Charles de Gaulle,
Bonanjo

FULL STACK WEB DEVELOPER

XchangeUnion

- As a full-stack developer at Xchange Union, I took on a comprehensive role in both front-end and back-end development of our web applications.
- Utilized JavaScript to enhance user interactivity and improve overall application performance.
- Participated in regular code reviews, promoting best practices for code quality and maintainability across the development team.

FEB 2022 – Current
Osun, NGA

IT CONSULTANT AND WEB DEVELOPER

ENL GOLD PROJECT

- Crafted the entire website from concept to launch, ensuring it effectively represented the company's brand and met all business requirements.
- Provided strategic technology advice to support business operations. Offered solutions for IT infrastructure, recommended software and hardware upgrades.
- I Manage all aspects of the web presence, including content updates, technical maintenance, and performance optimization.
